Personal Hygiene Checklist

Small steps for each day, week and month, ticked off as you go.

WHY IT HELPS

Washing, brushing and getting dressed are many small steps, and a few of them quietly drop out on busy or low days. A checklist by the mirror does the reminding and shows, after two weeks, which steps are steady and which need help.

HOW TO USE IT

Pick	Keep the steps that fit and add your own.
Tick	Tick each step on the day it is done.
Review	After two weeks, see what slipped and why.
